

# Emetrol® #1 Most Recommended by Pharmacists for Nausea

Sarasota, FL, August 19, 2010 -- For 60 years, Emetrol® has been recommended by physicians, pharmacists, and trusted by mothers as a safe, fast and effective over-the-counter treatment for nausea associated with upset stomach due to overindulgence in food and drink.

With 61% of pharmacist recommendations, Emetrol® ranked #1 OTC remedy for nausea and has been awarded *Pharmacy Times* prestigious 2010 OTC Master's Circle Award. The Master's Circle, is an elite group of OTC products that earn at least 50% of pharmacists' #1 recommendations in the 2010 *Pharmacy Times* OTC Recommendations Survey\*.

Earlier this year, *Pharmacy Today's* Annual Over-the-Counter Product Survey ranked Emetrol® #1 in the Upset Stomach and Nausea Treatments category and most recommended for the 5<sup>th</sup> straight year in a row. This is Emetrol®'s second #1 recommendation by pharmacists received in 2010\*\*.

Emetrol is recommended by pharmacists for the relief of upset stomach associated with nausea due to overindulgence in food and drink. For more information about Emetrol®, please visit their website: [www.emetrol.com](http://www.emetrol.com)
